## The Ultimate Outdoor Audio System

Granite-52 is a pair of 2-way, full range speakers that feature 5 1/4" woofers and 1/2" mylar tweeters. They serve as your left and right speakers and have an amazing frequency response that is unmatched by any other rock speaker. They produce a clean, accurate sound.

Made with UV treated, weather-resistant enclosure materials and durable epoxy resin construction, the Granite-52 ROCK-on speakers can withstand the demanding outdoor elements. Furthermore, their rock-like appearance can easily blend with any outdoor environment, making them the ideal choice for listening to music in the garden, by the pool, in the yard, or on the patio.

## Features

- UV treated and weather-resistant enclosure materials
- Epoxy resin durable construction
- Rock-like appearance and finish to easily blend in with any outdoor environment
- Completely sealed speaker with Santoprene surrounds, poly cones and poly dust caps

MSRP: \$450.00/pr
